

Alma Dal Co School on Collective Behaviour

Venice, September 29th - October 4th, 2025

The School will focus on collective behaviour across biological systems, from cells to communities, and will use a highly interactive format to foster knowledge exchange between disciplines and career stages. Early career scientists, from PHD student to starting group leaders, are welcomed participants.

Speakers

Mathieu Coppey (Inst. Curie, Paris, FRA)
Gonzalo de Polavieja (Champalimaud Found., Lisboa, PRT)
